

---

## Education

<b>Bihar</b>	<b>IIIT Bhagalpur</b>	<b>August 2017 – May 2021</b>
<ul style="list-style-type: none"><li>• Bachelor's of Technology in Computer Science and Engineering.</li><li>• Teaching Assistant(TA) for machine learning and web development sessions.</li></ul>		

---

## Employment

<b>Research Assistant</b>	<b>AI-ML-NLP Lab</b>	<b>March 2020 – Present</b>
<ul style="list-style-type: none"><li>• Developed systems for the CL-SciSumm, LongSumm, LaySumm shared tasks of SDP workshop at EMNLP</li><li>• Our system have achieved the best performance on community summaries on Task 2 of CL-SciSumm.</li><li>• Developed a CNN based supervised system, which obtained 3rd position for LongSumm shared task</li><li>• And our LaySumm system the highest recall of all submitted systems</li></ul>		

<b>Lead</b>	<b>Google Developer Student Club</b>	<b>August 2019 – May 2020</b>
<ul style="list-style-type: none"><li>• Club founder, started with 2 others, now consists of more than 150 active members.</li><li>• Promotes and helps in building more secure and accessible web.</li><li>• Built website of the club and optimized code which made 75% faster rendering and performance of webpages.</li><li>• Our team made it to top 20 teams from all over India in SV.co 2018 challenge</li></ul>		

<b>Winter Research Intern</b>	<b>IIT Patna</b>	<b>December 2019 – January 2020</b>
<ul style="list-style-type: none"><li>• Developed a meta-heuristic evolutionary algorithm based Multi-view clustering framework (MV-M-SDS) considering syntactic and semantic views.</li><li>• Achieved higher performance than any existing unsupervised systems for scientific document summarization on SciSumm 2016 and 2017 datasets.</li></ul>		

<b>Summer Research Intern</b>	<b>IIT Patna</b>	<b>May 2019 – August 2019</b>
<ul style="list-style-type: none"><li>• Worked on developing a Multi-Modal Named Entity Recognition (NER)system, which uses both Visual features and textual (word-level &amp; character level) embeddings.</li><li>• Experimented using different attention mechanism for creating better shared space of images and words.</li></ul>		

---

## Technical Experience

---

### Projects

- **CIRL (2020)**: Developing a Cooperative Inverse Reinforcement Learning (IRL) Agent in a multi-agent settings as part of minor project
- **Sarcasm Detection (2020)**: Investigated sarcasm detection in different semantic spaces, on different publicly available datasets like The Onion and Reddit.
- **Clinical Trial Summarization (2020)** Designed and implemented a Novel Multi objective optimization based Extractive summarization on clinical trial dataset.
- **End-to-end Sequence Labeling (2019)** Using Bi-directional LSTM-CNNs-CRF based architecture for Named Entity Recognition in Tweets.
- **Student Leave management System (2019)** Created a portal for online leave management system for students as part of software engineering coursework

---

## Languages and Technologies

- Keras; Tensorflow; Sklearn; Python; C++; C; SQL; JavaScript;
- GitHub; Data Analysis; Web Development; Structured Data; AMP;

## Honour's & Responsibilities

---

- **Workshop Chair:** Organizer and co-chair of SDPRA workshop at 25th PAKDD 2021
- **Peer review:** Served as a peer reviewer for WNUT 2020, SMM4H 2020 workshops at EMNLP & COLING respectively and Journal of Computer Science, Publons
- **Volunteer Service:** Volunteer at ACL 2020 and Sponsorship Liaison at EMNLP 2020
- **Travel Grant:** Received an invitation and travel grant to attend the TensorFlow Dev Summit.
- **Bertelsmann Data Science Scholarship 2019:** Selected for second phase of scholarship out of 15,000 participants worldwide after successfully completing challenge course, and placed in Business Analyst track.
- **Mentor:** Served as a project mentor for GSSoC 2018
- **Google India Challenge Scholarship 2018:** After successfully completing challenge got selected for second stage 1 in 350 out of 10,000 people in challenge course.
- **PinkRoses:** Started an online breast cancer awareness campaign, where people can learn about breast cancer, prevention and diagnosis.

## Publications
